Volume 20, Issue 1
January, 2008

February 1 was designated as Township Day. This day was designated to celebrate township government and recognize officials across the state. This is also a good day to learn more about your own township. Below is a crossword puzzle to test you knowledge of Randolph history. We hope to publish more puzzles in future issues to help everyone learn more about Randolph Township. The answer to the puzzle is inside this issue. Enjoy!

Snow Plows and Mailboxes

The established policy for Randolph Township regarding the replacement of a mailbox is as follows:

If a mailbox is actually hit and damaged by our snow plow, it will be replaced with a like box. However, if the mailbox is pushed over by the weight of the snow and ice, it will be replaced with a plain metal mailbox.

Please call the Road Department at 330-325-2776 if you feel your mailbox may have been damaged by the plow. The road crew can tell by the marks on the post and/or box to determine how it was damaged. Any questions or problems with this policy should be directed to Trustee Gary L. Horning, who oversees the road department.

Helpful Hint:

Hopefully everyone had the opportunity to clean out the ditches in front of their homes in the fall. Another area that should be addressed is the garage drain. It can become clogged with debris, which can cause problems for drainage. You'll be surprised at what you find when you clean out that drain!
